VERY LITTLE DOING ON PRODUCE MARKET

ing That Business Will Brighten Up Today.

There was but very little doing on market row Monday. No special features were presented, either in the way of price changes or new arrivals, and business generally was rather weak. Today, however, dealers expect things to brighten up considerably. A large consignment of apples is promised from idaho and a carload of watermelons is expected from the Golden State.

Utah watermelons are now at their best and are coming in very freely, but the price continues at 2 cents a pound. Cantaloupes are plentiful at 5 and 10 cents each. At the present time grapes are more plentiful than any other fruit on the market, and are obtainable at prices all the way from 5 to 123 cents a pound. The famous Concord variety retails at 40 cents a basket.
